

WE NEED YOUR HELP!

For the third year in a row Clarence Park Kindergarten will be putting on an exhibition of children's artwork for SALA. "KindergARTen" will be on display at the Rise and Grind café from August the 1st until August 31st. This year we would like to create some artwork that uses recycled items from home. If you use any of the above items, please keep them rather than putting them in the bin and we will turn them into fabulous artwork. We would love lots of different coloured bottle tops, milk cartons (washed please) old plastic cutlery, laundry washing detergent bottles and lids and anything else that you think might fit in! Please bring your items along to Kindy ASAP as we will be working on the artwork as soon as we have enough materials to start! Thank you for your help, we look forward to sharing the results!
